Dear Mr. Pearce:

On behalf of Canadian Forces Base Comox, I would like to thank you for facilitating the National Public Survey workshop yesterday.

Your facilitation of this event was outstanding. Managing a large crowd in an open forum with many smaller group discussions and tight time lines is not easy, yet you kept the groups focused and on task. It was evident you also created an environment that produced maximum participation. I am pleased to say that largely due to your skills, the committee received greater results than anticipated.

Not only did the session generate a number of good ideas, the attendees' general feedback was also very positive. Some of the comments the Survey Committee received included: "Great session, I would do that again", "Wow, did we ever get a lot of good ideas", "That was fun", "That was excellent" and "Well done".

Again, thank you. I hope we have the opportunity to use your services in the future.

Sincerely,

G. Knox
Civilian Human Resources Officer

Dear Brooke:

I am writing to thank you for your presentation to 19 Wing's SCAN Seminar. Your presentation was much appreciated by participants and rated highly for both content and delivery. I found that it provided important information to those facing career choices and unfamiliar with the changed marketplace and the realities of civilian employment in the Comox Valley. Participant reviews indicate that you provided a focus of great assistance in establishing an effective start to employment research processes.

Thank you for your support to 19 Wing. I look forward to our continued collaboration on behalf of seminar participants.

Yours truly,

B.G. Monk
Captain
Wing Personnel Selection Officer

Dear Brook:

I am writing to thank you on behalf of 19 Wing and the Second Career Assistance Network (SCAN) program at CFB Comox. The SCAN program is in place to provide detailed and practical assistance to military personnel in the transition to civilian life and a second career after long-term service in the Canadian Forces. The demands of service life can be such that both the military member and their family are somewhat isolated from the lives of other Canadians. For this reason, and in light of the potential sacrifices of service life, the SCAN program provides an enhanced and focused service geared toward our specific needs.

The series of workshops you conducted this past winter season were an integral aspect of the SCAN program and the best attended of any during my nine year tenure at Comox. I attribute this level of interest to your established credibility as a presenter and to the quality of the previous workshops that you have delivered for 19 Wing. You should be pleased to hear that our feedback from participants confirms the excellence of these latest workshops. Attendees rated the information you provided as highly relevant to their situations, regarded you as an excellent presenter and were most impressed by your concern for them as individuals.

I want to extend both my personal thank you and the appreciation of 19 Wing Comox. Your efforts and professionalism have made an important difference and I look forward to our continued collaboration on behalf of 19 Wing's SCAN clients.

Yours truly,

B.G. Monk
Captain
Wing Personnel Selection Officer

Dear Brook:

I am writing to thank you on behalf of 19 Wing and the Second Career Assistance Network (SCAN) program at 19 Wing Comox. The SCAN program has been developed to assist in the eventual transition and return to civilian life and as such personnel require the necessary tools and information in order to make the transition less daunting. The SCAN program provides this information and you as one of the keynote speakers provide invaluable insight into the world that some members may be experiencing for the first time.

The briefing you provided to the SCAN attendees provided them with a snapshot of current employment trends in the Comox Valley. The feedback provided to the Wing Personnel Selection Office in regards to your briefing, was resoundingly positive. The attendees rated your presentation as relevant to their situation and well presented. I attribute this to your professionalism, enthusiasm and refined oratory skills.

I wish to extend my personal thanks on behalf of 19 Wing Comox, SCAN attendees and the Personnel Selection Office and I look forward to future collaborations with your office.

Yours truly,

S. Eggman
Lieutenant
Wing Personnel Selection Officer
